Drugs excite your KIDNEYS, USE SALTS

If Your Back hurts or Bladder Both ers, Drink lots of water.

When your kidneys burt and you When your kidneys burt and your back feels sore, don't get seared and proceed to load your stomach with lot of drugs that excite the kidney and irrtate the entire urmary trackeep your kidneys clean like you keep your bowels clean, by flushing then with a mild, harmless salts which removes the body's urinous waste an stimulates them to their normal activity. The function of the kidney is to filter the blood. In 24 hours the strain from it 500 grains of acid and waste, so we can readily understant the yital importance of keeing the kidneys active.

The People Are Educated Up Clearance Sales Now, and Watch For Them.

The free delivery of mail to the farmer daily has made him a great reader of the newspapers. Those who used to read the weekly now read the daily and those who used to get the news at the country store, now take the weekly, and they read them "from kiver to kiver." If you doubt this mention any subject of current interest to the first farmer you meet and see how well posted he is. The chances are, that he is better posted on the subject than you are.

It is not only the town people that know that January is the month of great clearance sales, for the country people look forward to them as rauch as do the town people. Why? Because for the past eight or ten years they have been reading of these great bargain events, whereby they could save from twenty-five to fifty per cent. on a great many of the necessities of life, if bought at the proper time In fact these big sales are fixtures in the mercantile world today, and the merchant who does not have two or three clean-up or clearance sales a year, thereby giving his trade a chance to take advantage of his sacrifice, is not only losing a fine opportunity to turn merchandise into money, but he is losing prestige with his own trade, because your competitor wil! hold this clearance sale and very probably ween some of your best trade from you.

Suppose that the merchants of Greenville, Belton, Greenwood and Spartanburg are now holding big clearance sales and the merchants of Anderson are not. What is going to be the result? There will be some Anderson county money spent in these towns, that under ordinary circumstances would be spent here, and then after once getting what they considered exceptional values, they might get in the habit of going there for all their purchases.

Now gentlemen-this is the time-NOW-for clearance sales, if you want to stimulate trade during the dullest time of the year and at the same time convert merchandise into money and make yourself some very good friends with the great values that you will be enabled to give, but if you wait a couple of weeks or a month, you will have waited too

Your general expense is just as much for January, whether you do some real business or just stagnate, so why not spend a little money for advertising and put on a real sale that will get the business? It will be dollars and cents in your pocket to do this.
